BEYOND THE SEA

YACHTING HOLIDAYS

The Turkish coastline is home to Blue Voyage. This idyllic cruise means sailing with winds, into coves, to the private beach of Cleopatra and over the seas and becoming one with nature. There are different routes including Bodrum, Göcek, Gökova, Knidos, Marmaris ports and Greek islands.

Crewed yacht charter for groups and Cabin Charter for individual travelers are offered by NEXA

PRIVATE YACHT CHARTERS

Should you have family members or friends that you take pleasure in travelling together, Private Yacht Rentals will be the choice that fits you like a glove. We can maximize your idea of travelling totally by a tailor-made service and a menu designed only for you at a yacht that will host only you and your beloved ones.

CABIN CHARTERS

The advantage of joining a Cabin Charter is that, you do not have to gather a group of your own in order to have a "Blue Cruise". You have the opportunity to enjoy a "Blue Cruise" together with a group of sea-lovers from all around the globe. It is a wonderful way to meet new friends from all different countries and cultures. You can join the Cabin Charters either on your own or with your friends and family members.

OUR MEDICAL SERVICES

DENTAL TREATMENT

• DENTAL IMPLANTS

Dental implants are artificial titanium tooth roots. They are used to restore both the working function and the aesthetics of missing teeth. We carry out a range of dental implant treatments at our polyclinic in Turkey.

• COSMETIC DENTISTRY

Laminates and veneers, Zirconium-supported porcelain, Full porcelain crowns (Empress)

• ROOT CANAL TREATMENT

Root canal treatment is necessary when the pulp (the soft tissue inside the root canal which contains blood vessels and nerves that keeps the tooth healthy) is inflamed or infected.

• ORAL AND MAXILLOFACIAL SURGERY

The removal of wisdom teeth, apicectomy, the removal of cystic lesions, the correction of hard and soft tissue before prosthesis treatment, the treatment of jaw fractures, and implant surgery.

• DIGITAL SMILE DESIGN

With our digital smile design, a special, personalised treatment plan is prepared for you by evaluating your individual features, such as your facial features, lips, gingiva, gender and skin colour.

• ALL ON FOUR

The all on four system is a technique that our clinic uses intensively to avoid complicated surgical procedures when there is a bone inadequacy in the upper and lower jaw.

• PERIODONTOLOGY

Periodontology is the study of the specialised system of hard and soft tissues that both support the structure of teeth and maintain their position in the jaw. It is also the study of the conditions that affect these tissues.

• DIGITAL ANAESTHESIA

Do you suffer from needle phobia? If so, do not fear. We offer digital anaesthesia (a painless needle) to our patients. Our clinics come with a new technology called computer-controlled dental-injection.

• INVISALIGN

Invisalign is a modern orthodontic treatment that provides a more comfortable and less irritable way of straightening your teeth than typical metallic braces.

• LABORATORY

We have an on-site dental prosthesis laboratory which comes with the latest equipment.

In our laboratories we use cutting-edge, nickel-free metal for our teeth prosthesis. The dental prosthesis itself is computer-aided and produced without human intervention.
